

Dear Yoorrook Justice Commission

My submission begins with my Koori Grandmother being stolen away from her Mother, then these Animals Stole my other European Grandparents as well, so I don't benefit from them and can't use them as leverage for political or personal gain. There has been a history of targeting and racial vilification, I have been the victim of countless crimes and I have never been able to press any charges, The kangaroo court penal colony legal system here in Australia is a joke. I am repressed and persecuted in my own home.

I am a Diplomatic Hostage here, constantly slandered and defamed so I can have no political resolve or support with defence. They lie and steal from me and there is no ability to defend myself with their legal system. They make out like they are doing me a favour by letting me live in my own home.

I am angry about the pain these animals have put me through, I have un-describable feelings and I constantly dream of justice. If I tolerate this My Children will be Next, we need to do something before it is too late.

I hope this will be a Commission for all Koori's no matter what colour, We are all in this together, Enough is Enough. To go into more detail, My name is Bradley Collins, I am a Mixed Race Koori Man from Melbourne, Australia.

My Grandmother Shirley Joan Belcher (Healey) was from the Stolen Generation, she was the child of Eileen Healey who had a daughter at the age of 16 with a young Koori soldier from a military family who served Australia in the First World War after a History of Slavery, He was later deployed in World War II. The baby was kept secret and was born in the countryside, out of the sight of the public eye, this was the Normal behaviour of the time and was where my Grandmother Shirley Joan Belcher (Healey) was abducted by the Australian Government, because her Mother was only 16 years old and the Father was Koori.

On top of this the Cultural History leading to this Proud Koori Man has been Destroyed and Appropriated. My Rich Family History of The Kings and Queens of Europe, Include: King George V, Queen Alexandra, King Christian IX, Queen Louise Hesse-Kassel, King Louis XV, Queen Marie Leszczyńska, Napoleon Bonaparte III and Eugénie de Montijo. As well as My Great x2 Grandmother Marianne Kate Collins (O'Brien) The Mother of Michael Collins IRA Leader.

This Valuable World History has been destroyed, concealed and appropriated because it doesn't fit the agenda of the elite, these people behave one way and act another, they act like I am not good enough for my own Grandparents because I am Koori. These are very clear-cut War Crimes and can be easily proven via Forensic Evidence such as DNA.

I will continue to testify before courts around the World, I have no trouble speaking the Truth, this is a part of My Koori Culture and is what forms the roots of my existence as a Koori Man, and regardless of the History involved, The Good and The Bad, it is what makes me the proud Koori Man writing to you Today. I want to give the Monarchies and the Corrupt Democracies of the World, The Message that you Will Not Dictate our Past or our Future with your Corruption and the Truth of the War Crimes committed against Me, My Grandmother and Our People Will be heard and We Will have Justice.

Kind regards

God bless you all,

Bradley Collins
