

Submission to Yoorrook Justice Commission**From:** Anonymous**Dated:** 20/2/24**Submission:**

Economic disadvantage, exclusion from mainstream legislation, taxation, banking through inbuilt government policy and structures that continue today which exclude and hinder Victorian First Nations peoples being able to engage in mainstream society as members of community, continues to hold Victorian First Peoples at a disadvantage regardless of the meniscal offerings through successive governments of the day that build employment and careers for non-Indigenous peoples writing and implementing policies and program written through culturally uniformed views and experiences to this day 2024.
