

Submission to Yoorrook Justice Commission

From: Professor Murray Cree, Managing Director, People Count Today

Dated: 23 March 2024

Submission:

Each act of imprisonment has a Human Rights obligation known as throughcare --this is a plan to minimise the impact of placement in a prison. It is not a choice but a duty of care of the imprisoning power(s). I know this as a prison impact policy researcher who has observed too many flawed placements in prison of First Nations people.
