

**Submission to Yoorrook Justice Commission****From:** Anonymous 1476**Dated:** November 2024**Submission:**

I am a 70 year male who is descended from the society that systematically erased the connection of the original inhabitants to the land. I and my forebears benefited from that dispossession. My conclusion from a personal acceptance of this history is that I and my generation need to work to enable the survivors and inheritors of this deliberate dispossession to recover in whatever way is feasible. The missing issue is how to respond appropriately and over time.
